Cargo Equipment Experts

Your cargo deserves to be handled by the Experts!

Cargo Equipment Experts (CEE) is a global network for Cargo Equipment Owners and Operators, who are specialized in moving and handling of heavy and outsized shipments. Wherever your project takes place, you can find our Specialists to carry out operations in and between ports, airports and jobsites.

Besides technical skills and expertise companies with a good reputation in their markets will be permitted to enjoy the membership with **Cargo Equipment Experts (CEE)**.

Your cargo deserves to be handled by the Experts!

Cargo Equipment Experts (CEE) provides networking and marketing for Owners and Operators of specialized and valuable equipment, required to move heavy and outsized commodities for and on construction-sites or by inland transportation on roads and river / canal systems or between and in ports and airports.

These specialists, comprising of heavy haulage and abnormal loads operators, have through **CEE** a global platform to show their presence, not limited to their respective locations only but in conjunction with the other **CEE** members they provide a global tool for project owners and forwarders as an expert reference for required services.

The **CEE** is administered by transport qualified and experienced network Directors who understand, support and aim to deliver a useful solution for the project cargo transportation industry.

Through the CEE you find the most reliable experts comprising of:

- Owners of heavy haulage and multi axle trailers and specialist engineering equipment
- Crane owners
- Stevedores
- Tug and barge operators
- Export packers
- Port operators
- Air Cargo handling equipment owners

Cargo Equipment Experts, CEE, will enhance the awareness of the group's services through the following initiatives:

- Advertisements in Trade Magazines
- Marketing material such as
 - **CEE** Company brochures
 - Periodical Newsletters
 - Homepage under : www.cargoequipmentexperts.com
- Participation in selected Trade-Fairs and Exhibitions with own booth
- Annual Conferences with Member-to-Member functions and social events
- Platform of Sales and Purchase of equipment, strictly between Members only, without involvement of **CEE**.

Criteria for membership with CEE are the following:

- haul** Owners of heavy haulage and multi axle trailers and specialist engineering equipment
- crane** Crane owners
- steve** Stevedores
- barge** Tug and barge operators
- pack** Export packers
- port** Port operators
