

Heavyliftspecialist

I am [Richard L.Krabbendam](#), for 36 years employed in the Industry and known as "Heavy Lift Specialist", on land as well offshore.

I like to share my knowledge and experience in heavy lift transport and lifting on Land with others by means of [Mini-Seminars](#) and more extensive [Heavy Transport- & Lifting courses](#).

Where will you be in 5 years time and if you really look closely into your heart, where do you want to be in 5 years?

How do you tackle the work in your industry more efficiently? Do you ask yourself sometimes, how would someone else do it?

It is just like an orchestra. You are the director or player, but in order to play a nice tune, you first need to know your instruments well.

Break your daily routine and increase your knowledge!

You as well can learn a large numbers of "[Tips and Tricks](#)", which will serve you in your future career.

Presently I am full-time employed with [Jumbo Shipping](#) and have no intention to offer these courses in competition to this company. I will limit my Seminars therefore to [Heavy Transport and Lifting](#) on land. In these [Mini-Seminars](#) I will explain in detail during a full day (from 9-5) the fascinating world of Heavy Transport- & Lifting.

Already many of you joined my courses "Supervisors Lifting Work" at [SBW / Fundeon](#). In one full day, I will go through following [detailed program](#). In any case, you will get to know me, and the method of approach.
