

TRACE's impact on the larger shipping community continues to grow with its partnership with Cargo Equipment Experts, Ltd ("CEE"). This partnership aims to assist CEE members to be current with anti-corruption efforts currently undertaken in their own industry as well as those of the clients they serve worldwide. CEE will assist TRACE to bring information to the members of CEE and thus contribute to the industry's overall effort to conduct business in a transparent and ethical manner.

About CEE

Founded in 2009, CEE provides networking and marketing for owners and operators of specialized and valuable equipment, carriers and manufacturers, working within the heavy and outsized cargo market. These specialists, comprising of equipment owners and handlers of heavy and outsized cargo, have through CEE a global platform which shows their presence and provides a global tool for project owners and forwarders for required services.

The CEE is administered by transport qualified and experienced network Directors who understand, support and aim to deliver a useful solution for the heavy and outsized cargo transportation industry and serve the members with marketing initiatives.

About TRACE

TRACE provides an end-to-end, cost-effective and practical solution for anti-bribery and third party compliance. TRACE International is a leading anti-bribery business association that pools resources to provide members with technology-enabled compliance tools and an expansive knowledge center. TRACE members include hundreds of multinational corporations, as well as thousands of small and medium-sized enterprises throughout the world. TRACE International works with TRACE Incorporated to offer both members and non-members customizable risk-based due diligence, training and advisory services. With a shared mission to advance commercial transparency, TRACE International and TRACE Incorporated provide companies with one complete anti-bribery and third party compliance solutions.
